LOVE

“WE LOVE BECAUSE HE FIRST LOVED US.”

1 John 4:19

It's no secret that children learn best when they feel secure and loved. At First Kids, our top priority is to love your child with the love of Christ. Our foundation for learning is love – His love. Through praise, encouragement and redirection, we not only help students grow academically and spiritually, we also develop a resilience in their character that will help them persevere and find success in all areas of life.

PLAY-LEARN

WHAT'S BEHIND ALL THAT PLAY?

Take a peek into any of our classrooms and you'll see children and teachers having a whole lot of fun. But there's more to First Kids than just playing around. We believe that play is one of the best ways a child learns. Whether we're babbling with babies or building with blocks, our lessons and activities have educational goals and objectives for all ages, even infants. Our curriculum covers all areas of development from language, literacy, math and movement to creative expression, socialization, spiritual growth and scientific discovery. Best of all, our curriculum activities happen to be a whole lot of fun! Come visit and let us show you what really happens when we play.
